Subj.: MATCH DIRECTOR'S WELCOME

Welcome to the 2015 matches. We continue to polish our schedule and course of fire. My goal is to provide you a premiere training experience in a week and a half of training and shooting. The goal for this year's matches will be more flexible with spare time for training. The source document for our course of fire and the foundation of our schedule is contained in NAVSEA Instruction 8730.2D.

For some, this is another year in a long line of Navy Marksmanship participation. For others, this is their first exposure to competitive shooting in the Navy. The intention this year, as it was last year, is to focus on the latter. The Navy Marksmanship Team has, and will continue to exist due to the hard work, perseverance, and professionalism of a small group of individuals, most of them very senior (in both time-in-service and paygrade). To ensure the continued conduct and expansion of the Navy matches, new shooters must be brought up in a culture of that same enthusiasm. There are numerous rewards to be had at these matches, most among them the feedback from a new shooter when they're hooked and ready to win at Interservice and National level competition.

The matches are divided into two segments: Fleet Week (FFC Atlantic) and All Navy. The objective of "Fleet Week" is to train new shooters. Staff and experienced shooters will do everything within their power to ensure you are knowledgeable, proficient, and capable with your weapon. During Fleet Week commands are encouraged to field both rifle and pistol teams. Team rules are promulgated in this bulletin, but if you can get three shooters from the same command, you can compete. Awards are given to the top three teams in both rifle and pistol, and a large trophy is given to the first place finishers to host at their command for the year.

Once the new shooter is trained, All Navy week is intended to test that training. Those who qualify for advancement to All Navy (based on the top qualifiers from Fleet Week) will shoot to determine All Navy honors. The same course of fire is shot on both coasts so the results, while shot on different dates, provide comparable results from which to determine awards. Instead of individual commands, the All Navy Blue and the All Navy Gold (both active and reserve) teams compete from each coast to determine All Navy Team Trophy and bragging rights. Once the All Navy match is complete, the 2015 Navy Rifle and Pistol teams are determined for Active and Reserve. These individuals are invited to compete at the Interservice and National level to represent the Navy. I must emphasize that the purpose of these matches is to support higher level competition. Your match fees, your efforts, and the efforts of the staff are all geared towards fielding and improving the "Big Navy" team. Keep in mind that the Camp Perry National Pistol Record is still held by Petty Officer 1st Class Don Hamilton, and the 1979 Long Range Rifle Champion was ETC Michael Gorchinski. The development and success of Navy shooting in the future depends on the effort and resources we devote today.

And now, some motherhood:

Continuous, positive control, and full accountability of all rifles and pistols is mandatory. Empty Chamber Indicators will be used at all times on all guns. Do not anticipate commands or load a round of ammunition into any rifle or pistol until given the command to do so. Cease-fire when the command is given. "Muzzle awareness" means maintaining positive control of your firearm at all times and watch where your barrel is pointing. Match personnel will be working closely with first-time competitors and we welcome your questions, comments, and concerns. The current National Rifle Association (NRA) Highpower Rifle and Conventional Pistol Rules, and the current Civilian Marksmanship Program (CMP) rules will govern the conduct of our matches. The match director has final say on rule issues.

Location: Weapons Training Battalion, Range 3 and the Competition Pistol range at Marine Corps Base Quantico are located on Garand Rd, Quantico Virginia (N38.531, W077.434). Camp Upshur Barracks are located on Bonnyman St, Nokesville, VA (N38.63, W77.53).

Directions: The Calvin A. Lloyd Range Complex is located on Marine Corps Base Quantico. From Interstate Highway-95, take Exit # 148. Turn west and follow the road 3.9 miles to the Weapons Training Battalion Complex on the right. At the gate all weapons must be CASED and UNLOADED. The CASE must not be readily accessible. Ammo must be separate from the case and not readily accessible. Magazines must be unloaded. If searched you should declare that you are transporting unloaded, encased firearms to the ranges for competition shooting, and show them your orders. Registration is at building 27215, on the competition pistol range (Match Headquarters).

Initial Check-In: Upon arrival, report to building 27215 to register, confirm payment, receive scorecards/stickers and billeting instructions. Once checked in, personal weapons will be LTI'd (Limited Technical Inspection: a safety inspection during which the trigger is weighed). Gear issue (limited availability) will occur at match HQ. Quantities are LIMITED, and are issued on first come/first served (gear issue time and location will be announced at registration). After registration, billeting check-in and LTI/Gear Issue, the MANDATORY safety brief will be held on the competition pistol range bleachers at 1000, followed by Pistol Small Arms Firing School (SAFS).

Billeting: Billeting is provided at Camp Upshur for enlisted, and WTBN for officers, for free. Upshur billeting consists of two, 50-man, bunk-bed, open bay, Quonset huts with heating/air conditioning and detached heads. Competitors are required to bring bedding/sleeping bag. Vertical wall lockers may be available. Competitors are encouraged to bring a foot locker or other secure storage. Parking is EXTREMELY limited at Camp Upshur, and maximum use of carpooling will be necessary. Reveille will be 1 hour before morning muster, and taps at 2200. It takes approximately 20 minutes to travel from Camp Upshur to Range 3. The speed limit on the road to Camp Upshur (MCB-1) is 45 MPH. All competitors staying at Upshur will sign a page 13 delineating your responsibilities.

- B. OPNAVINST 3590.7C, Rules and Regulations for National and Other Excellence-In-Competition Matches
- C. NAVSEAINST 8370.2D, Small Arms and Weapons Management Policy and Guidance
- D. NAVADMIN 085-98, Amendment to Gun Control Act and Domestic Violence Convictions
- E. Current Civilian Marksmanship Program (CMP) EIC RULES, Competition Rules and Regulations Governing the National trophy Rifle and Pistol Matches and Excellence-In-Competition (EIC) Matches
- F. Current National Rifle Association (NRA) High Power Rules and NRA Conventional Pistol Rules

Open to: The LANTFLT and All Navy (East) Championships are open to both Military and Civilian shooters, up to the range limit of 200 (4 relays). Range priority will be in the following order:

1. Navy Active Duty/ Reserves
2. Navy Retired
3. Other Service Active Duty/Reserves
4. Other Service Retired
5. Civilians shooting the entire week
6. All others

Note 1: During any given calendar year an individual may only compete in one Fleet match (either coast) and, if qualified (or at discretion of match director), and one All Navy match (either coast). For example, an individual may compete at the PACFLT matches and the All Navy (East) Matches, but may not compete at both the All Navy (West) and All Navy (East) matches. This restriction holds for all phases of the championships: individual, team, and excellence in competition (EIC) matches.

Note 2: Civilians (including retirees) are only permitted to shoot in one military EIC match for record per year. Unless declared otherwise, the Fleet EIC match will be counted as your record match. The match format will administratively contain both an EIC match and a NMC, with awards for the combined matches (i.e. if you are not shooting for leg points, you will be scored under the NMC match, keeping in line with CMP rules that you may not shoot an EIC match “out of competition”).

Registration Fees: Each competitor will pay \$50 per competition (Fleet or All Navy) or portion thereof. In other words, whether you shoot one match or all of Fleet or All Navy, the fee is \$50.

Whom	Event	Match	Cost
All Competitors	FLEET	Any and All Matches	\$50.00
All Competitors	ALL NAVY	Any and All Matches	\$50.00

Registration: Registration will occur online via the CMP website (www.odcmp.com). Check the team website (www.usnst.org) for the link. Payment can be made either via Paypal to usnshooting@gmail.com or via mail to Robert Ryan, 232 Royal Oak Dr, Chesapeake, VA 23322. Payment will secure your registration for the matches in the order received. DD2760 (Qualification to Possess Firearms or Ammunition), civilian hold-harmless, and billeting Pg. 13 will be completed at the registration desk during match check-in. Mail-in entries must be received by 10 April 2015.

Military Orders:

Only individual orders will be accepted. Group orders will not be accepted as they do not allow the Match Director to select outstanding individual marksmen for higher competition (All Navy). Individuals attending the Matches under orders are required to be present for the entire period of the orders (exceptions require approval of the Match Director).

The following statements shall be written into all original orders: (As Required)

1. Report to the Match Director (LANT) Rifle and Pistol matches at Weapons Training Battalion, Marine Corps Base Quantico, VA. If qualified and selected for further competition, you will proceed to such additional places as directed by competent authority for the All Navy Rifle and Pistol Championships.
2. Transporting weapons: You are permitted to transport weapons/firearms for use in competition and training IAW the Gun Control Act of 1968, title 18, Chapter 44, Section 926A.

Messing Facilities: You are permitted to eat at the chow hall at WTB, but note that competition hours are such that messing facilities will not be open before competition commences or after competition ceases for the day. There is a small Marine Corps Exchange close to the 600 yard line behind Range 3 which stocks sandwiches, Gatorade and the like. There will be grilled food for purchase in the pits. You will be in a complete military uniform when departing the rifle and pistol range complex.

Travel: Travel and per diem costs are the responsibility of the Individual competitor. Commands are highly encouraged to sponsor costs for Individuals/Teams for this military event.

Firearms: Authorized Weapons IAW Refs B and D, Standard Grade, Match Conditioned, or Commercial Equivalent is:

- Service Rifle - M1, MK2-1 in 7.62, M14, M-1A, M16, and AR-15 (No M4's, CAR, etc., see rule book)
- Service Pistol - M1911/M1911A1 .45 CAL, M9 9MM (BERETTA 92FS) See new rule changes for additional service pistols allowed.
 - CMP List of approved Service Pistols can be found at:
<http://thecmp.org/wp-content/uploads/CMPApprovedServicePistols.pdf>
MATCH-CONDITIONING MODIFICATIONS. The new rules now permit pistols with several additional match-conditioning modifications that were not previously permitted. In addition to authorized modifications on M1911 and M9 pistols such as barrel bushings, extended and vented triggers, replacement sights and Accurails, the new rules will permit all approved service pistols to have oversize or extended magazine releases, hammers of any configuration, beavertail grip safeties, ambidextrous or extended safeties and full-length recoil guides." <http://thecmp.org/cmp-pistol-program-rule-changes-for-2015>
- Limited numbers of match-grade AR-15 rifles and M1911A1 pistols are available for sharing by competitors who have no personal equipment.
- For current specifications on Service Rifle & Service Pistol: <http://www.odcmp.com/Competitions/Rulebook.pdf>

Ammunition: CMP Rule 6.8 "Any safe ammunition". ALL Competitors will be required to supply their own ammunition. Limited quantities of personal ammunition may be provided on a case-by-case basis for those arriving with none (i.e. if you are borrowing equipment/weapons on the line, your firing point sponsor MAY be able to provide ammunition). Note: while perfectly legal to use 55 grain 5.56/223 ammunition, the accuracy of this round is not conducive to precision marksmanship beyond 200 yards. Recommend 77 or 80 grain match ammunition fired from a 1:8 barrel.

- Other Services – Other services will provide their own ammunition.

Uniforms: The uniform for the matches is the Navy Working Uniform. Individuals authorized alternate camouflage uniforms may wear them to the match. While on the range, competitors are authorized appropriate shooting attire. Before and after shooting, competitors must be in a clean, complete and proper uniform.

Targets: NRA Approved Targets: Pistol – B6, 50 yd and B8, 25 yd; Rifle – SR, 200 yd; SR3, 300 yd; MR, 600 yd.

Scoring: All competitors will score. Any competitor who does not fulfill his/her scoring duties may be disqualified. Scores will be reported via the Civilian Marksmanship Program "Competition Tracker," available online at www.odcmp.com.

Pistol: Competitors will proceed to the target assigned for scoring, (**DO NOT GO TO YOUR TARGET FIRST**), score the other target (**Do not place anything into any shot holes**). Record the score on the score card and also write the score on the target (within the area covered by a replacement center) for the other competitor. Then proceed to your target to verify that your scorer has scored your target correctly. If there is anything other than a minor correction (math error, etc), do not argue the score, just staple \$1 to the target (challenge fee) and tell a block officer you have a challenge. The score will be evaluated by a jury and you will be notified of the results after you finish shooting (i.e. don't dwell on it).

Rifle: As scorer, you serve as a match official and will score as follows:

- Slow Fire shots – call out the value of each shot to the competitor. (Value only, do not give any clock position). If you have a target that comes up with anything but the required 10 shots, contact a line official. Double check this.....
- Rapid Fire – Watch the competitor to verify that he/she has loaded the gun correctly; count the rounds the competitor shoots, watch for any malfunction or issue. Report it to the line official when required. If you have a target comes up with 6" spotting disks on the top of the target then you have a target that had insufficient or excessive hits. Follow the instructions on the back of the score card or contact a line official.

Scorecards: Scorecard discrepancies can ruin an otherwise good day at the range. A wise carpenter uses the adage "measure twice, cut once." The careful competitor will check and re-check their scorecard for accuracy. Once the scorecard is turned in, there is no provision for updating an improperly completed/added score. It is your responsibility to ensure 100% accuracy prior to submitting the scorecard. Do yourself a favor and buy a 5x7 clipboard to hold your scorecard during scoring, the strong winds have blown many loose scorecards downrange. **You should also bring a gallon size Ziploc bag for rainy weather!**

Target Service: Competitors will be required to pull/mark targets as assigned by the Rifle and Pistol Match Directors.

Squadding: Individuals are responsible for knowing their squadding information. Unless otherwise announced, squadding information will be posted on the bulletin board (also known as the Wailing Wall) outside Match HQ. **Remember your firing point.** During the rifle phase, the more experienced shooters will be squadded on the first and third relays. These shooters are expected to assist less experienced shooters with setting up their gear, getting into position, scoring, reading the wind, etc.

Empty Chamber Indicator: Empty Chamber Indicators (ECIs) are required and must be used at all times except during preparation time and firing. All weapons (rifle and pistol) require an ECI.

Limited Technical Inspection: All weapons require a LTI to determine safe operation and rules compliance. Measures (weights, rulers) used by LTI inspectors are the standard for the match and will be the final determinant for LTI passage.

Personal Equipment: EYE AND HEARING PROTECTION IS REQUIRED for all personnel present while live firing is being conducted. Availability is the individual's responsibility. Double hearing protection is required at the Competition Pistol Range. Rifle shooting equipment (coats, gloves, mats, spotting scopes) is available on a limited basis and in limited sizes. Gear issue will be done on Saturday, 18 April 2015 during match check-in. If you know you have to share gear with a fellow shooter, come and register at same time. Type and quantity of equipment available for checkout will not be known until muster.

Excellence-In-Competition (EIC) Reporting:

- Navy – EIC points and place awards will be issued to the Top 10% of the non-distinguished Navy Shooters.
- **Shooter must fire a minimum EIC Rifle score of 455 and EIC Pistol score of 250 to be awarded EIC points.**
- Other Services – Results will be available to the other services. Each service will issue points and awards based on their governing instructions.
- Retired – Results will be available to the CMP for determination and they will issue points and awards.

Qualification Course (issuing of Navy Marksmanship ribbons/medals): Except for practice days and team match scores, all other courses of fire are considered qualification courses for purposes of earning Navy Marksmanship ribbons/medals. Navy competitors who meet or exceed current qualification cutoffs (below) will be issued letters for marksmanship medals/ribbons upon request if not already entitled to the award. Competitors requiring the OPNAVINST 3591.1F Navy Handgun Qualification Course for watchstander qualification should have the requirement stated from their command (either in their orders or in separate correspondence), and highlight this during registration.

Rifle:	Expert	425 - 500
	Sharpshooter	400 - 424
	Marksman	350 - 399
Pistol:	Expert	210 - 300
	Sharpshooter	180 - 209
	Marksman	160 - 179

Challenges and Protests: The following is from the NRA Highpower Rifle Rules and is printed for informational purposes. The most current issue of the NRA Highpower Rifle Rules will govern.

16.1 Challenges – When a competitor feels that shot fired by himself or by another competitor has been improperly evaluated or scored, he may challenge the scoring. Such challenge must be made immediately upon announcement of the score. No challenge will be accepted after the targets have been pasted...

16.2 Protests – A competitor may formally protest:

- (a) Any injustice, which he feels, has been done him except the evaluation of a target, which he may challenge as outlined in Rule 16.1.
- (b) The conditions under which another competitor has been permitted to fire.
- (c) The equipment, which another competitor has been permitted to use.
- (d) The score that a competitor has received.

16.3 How to Protest - A protest must be initiated immediately upon the occurrence of a protested incident.

Failure to comply with the following procedure will automatically void the protest:

- (a) State the complaint orally to the Chief Range Officer. If not satisfied with his decision then,
- (b) State the complaint orally to the Official Referee, Jury Chairman or Supervisor. If not satisfied with his decision then,
- (c) File a formal protest in writing with the Official Referee, Jury Chairman or Supervisor stating all the facts in the case. Such written protest must be filed within 12 hours of the occurrence of the protested incident.

During the LANTFLT and All Navy (East) Matches, the official referee is LCDR (ret) Walt Walter, however, in his absence, it is the competition (Rifle or Pistol) Phase Director. The Protest Committee consists of the Match, Rifle and Pistol

Directors, their Assistants and the Officer-in-Charge. The challenge jury shall consist of any 3 distinguished shooters in that discipline without a conflict of interest in the target being challenged.

Results Challenge Period: Scores will be posted on the official bulletin board outside the admin building. Competitors are responsible for initiating challenges to the posted scores to the Match Director, Assistant Match Director, or Statistical Officer before the next day's firing or as marked on match results by Statistical Officer. After that time, all scores will be final.

Scoring Challenge Fee: Challenges on the line will be \$1.00 per challenge.

Awards: The Awards Ceremony will be conducted on the final day of the matches (19 April). Actual awards (with the exception of Navy EIC/Distinguished badges) will be forwarded to the shooters command after the completion of the matches. Please ensure your command address is correct and current.

General Information:

1. **Safety** is our top priority. Wear/use your personal protective equipment and obey the rules. Violations of these rules are sufficient for immediate disqualification and removal from the matches.
2. **Profanity.** Profanity or abusive language will not be tolerated. Conduct yourselves in a professional manner keeping in mind the Navy Core Values of Honor, Courage and Commitment. The marksmanship discipline exemplifies these traits.
3. **Alcohol policy.** The consumption of alcohol less than eight hours prior to shooting or *while shooting is in progress* is prohibited. If you are suspected of being under the influence, you may be directed to medical for a fitness for duty evaluation and subsequent administrative action.
4. **Limited technical inspections (LTIs).** LTIs performed by match officials will be conducted on all weapons to be fired, including government owned.
5. **Dining facilities.** The Marine Corps Exchange has a small geedunk behind range 3 600 yard line, and there will be hotdogs, chips, other snacks and sodas available for purchase while in the rifle pits and at the pistol line. Plan accordingly with cash. Otherwise, the nearest eating facilities are located at the WTB HQ Mess Hall. Mess hall opens at 0530, 1100 and 1630 during the week. During rifle matches there will be no lunch break, so plan accordingly.

6. **Water.** Participants should bring their own water containers. Stay hydrated at all times. Water will be provided in the pits and on the firing line.
7. **Berthing.** WTBN and Camp Upshur open bay barracks are available at for free.
8. **Parking.** Competitors may park in "Shooters Parking" on MCB-4 and leave their cars there to carpool to Camp Upshur. Aside from check-in, competitors may not park in WTB parking lot. Carpooling and a parking pass will be required at Camp Upshur, as limited parking spaces are available. While at Camp Upshur, parking is not allowed on the large "grinder" (paved area behind Quonset huts, used for driver training and medevac), or in 4th LAR parking lot.
9. **Muster.** Each individual is responsible for mustering at the appropriate time and place each day with shooting equipment. During the rifle matches, you will muster on the 200-yard line at your assigned firing point. If you are a member of a team, the senior petty officer may muster the whole team with the appropriate Match Staff official. If you are not present for muster, you may be disqualified from that shooting evolution.
10. **Armory Use.** The Armory is to be used to store personally owned firearms during the duration of the matches for personnel visiting from out of the area. The armory will be open before and after a match during posted hours. The hours will be posted both at the armory and on the match bulletin board located by the admin building.
11. **Match Feedback Form.** A Match Feedback Form will be available at checkout. Please feel free to make comments to improve this event. Your feedback is important. With the increasing number of Individual Augmentee (IA) tours of our Sailors in combat, we are trying to get data points on how many of our shooters have completed an IA tour or have orders to an IA billet. Please take a moment and let us know via the feedback form.

NAVY RIFLE AND PISTOL TEAM COMPOSITION RULES:

Small Command Team: Small Command Team is a command made up of less than 500 personnel.

Large Command Team: Large Command Team is a command made up of more than 500 personnel.

NOTE: To keep the spirit of team competition between all small commands and large commands, we will not have "Move-up" teams or "Discipline" teams. If a small command only has three shooters, the 4th shooter will be randomly drawn from the entire pool of new shooters and that command will compete as a small command. If a large command only has 3 shooters, the 4th shooter will be drawn from the pool of new shooters and that command will compete as a large command. Random draw is conducted by the Statistics Officer. If your command only has two shooters, then you can try to put together a "make-up" team and compete for bragging rights.

Active Team: All shooters must be on active duty from the same command; a reservist may be a member of an active team if the reservist is on extended active duty of over 90 days before the match starts. Other services stationed at the same command may be part of the team but can only make up 50% of the firing members. An FTS team from the same Reserve Center/Command will be considered as an active duty team, however if one member is a reservist from the same Reserve Center/Command then the team will be considered a reserve team. Every team must have a new shooter.

Note: Retired, reserve or other ineligible members may serve on a legal team as non-firing members, i.e. coach, score keepers, target pullers, etc.

Command Team: All members of the team must be from the same command or three members of the team must be from the same command and the remaining member will be randomly drawn from a pool of new active shooters. Command Team must have a new shooter. Pulling 4 shooters together and calling themselves Navy Region Mid Atlantic will not fly... The intent of the team awards is for ships, squadrons, subs or shore stations to field a full team to represent that command.

Reserve Team: All shooters must be on reserve ⁽¹⁾ or fleet reserve ⁽²⁾. Active duty, and retired may not be members of a reserve team. A Reserve Team will be Reserve Sailors from the same UIC. Reserve Center is the order-writing authority for those Unit/Units. A Reserve team is NOT Reserve Sailors from a Fleet concentration area (i.e. North East). If that were allowed, then we would have active duty Sailors from multiple ships in Norfolk to make-up their own team. All Sailors must be from the same UIC. Note: Every team must have a new shooter.

⁽¹⁾ Reservists mobilized to extended active duty over 90 days prior to match start may request to compete as reservists for both individual and team matches. However, a reservist must declare their intent to compete as active or reserve prior to the start of the matches, and must compete for all individual and team awards in the same category for the duration of the matches.

⁽²⁾ A Fleet Reserve may request to compete as retired/civilian for both individual and team matches. However, a Fleet Reservist must declare their intent to compete as reserve or Retired/Civilian prior to the start of the matches, and must compete for all individual and team awards in the same category for the duration of the matches.

Note: Retired, Active or other ineligible members may serve on a legal team as non-firing members, i.e. coach, score keepers, target pullers, etc.

Command Team (I): All members of the team must be from the same Reserve Unit or the same Reserve Center. If the team has only three members from the same Reserve unit or Reserve center, then the remaining member will be randomly drawn from the pool of reserve new shooters. Note: Command Team must have a new shooter.

Command Team (II): All members of the team must be from the same Reserve Unit or the same Reserve Center. FTS will be considered reserves if they are responsible for the administrating of the same Reserve Center. If the team has only three members from the same reserve unit or reserve center, then the remaining member will be randomly drawn from a pool of reserve new shooters. Note: Command Team must have a new shooter.

Retired Team: All shooters must be retired from the NAVY. Enlisted are retired after 30 years. Officers are retired upon leaving active duty. Active duty, Fleet Reserve ⁽¹⁾ or Reserve members cannot be members of a retired team. Retired team will not be considered for awarding of command trophies.

⁽¹⁾ A Fleet Reserve may request to compete as retired for both individual and team matches. However, a Fleet Reservist must declare their intent to compete as reserve or Retired/Civilian prior to the start of the matches, and must compete for all individual and team awards in the same category for the duration of the matches.

Make-up Team: Both active duty and reserves may enter a make-up team. The team is made up of four individuals from various disciplines or commands. The make-up team must have a new shooter. Make-up teams will only win bragging rights, and will not be considered for awarding of command trophies. (The use of this rule is at the discretion of the Board and ammunition availability). If a small or large command team does not have enough pit pullers to support their team, the rifle director will assign pit pullers from those shooters not assigned to a legal team. Make-up teams will only be allowed once the legal small and large command teams have enough pit pullers to support those teams.

Other Service Teams: During the Fleet Forces Command (Atlantic) Week, other services (Air Force, Army, USCG, and USMC) are permitted to enter a team for training purposes and bragging rights but are not eligible for the Atlantic Fleet Team trophies.

Maximum number of Teams: LANT – max of two teams per command, at the discretion of the match director. All Navy week – two active teams, two reserve teams, one retired team and other services may enter one team each. There will be no “make-up” teams allowed. The U.S. Naval Academy may submit a team if they are not permitted to attend the first week of competitions. The rifle director will assign pit pullers and score keepers from those shooters not assigned to a legal team to support the All Navy rifle teams.
