Subj.: MATCH DIRECTOR'S WELCOME

Welcome to the 2020 Navy Pacific Fleet and All Navy (West) Rifle and Pistol Championships. My match staff will provide you with premier marksmanship training experience over the next 10 days.

For some, this is another year in a long line of Navy Marksmanship Team participation. For others, this is your first exposure to competitive shooting in the Navy. The intention this year, as it was last year, is to focus on skilled marksmanship training for the new shooters. I request that all those who have been at this sport for a while dust off your old gear, bring that backup rifle/pistol, and be prepared to train the next generation of Navy Marksmanship Team members.

The matches are divided into two segments: Fleet Week (FFC Pacific) and All Navy. The objective of "Fleet Week" is to train new shooters. Staff and experienced shooters will do everything within their power to ensure you are knowledgeable, proficient, and capable with your weapon. During Fleet Week commands are encouraged to field both rifle and pistol teams. Team rules are promulgated in this bulletin, but if you can get three shooters from the same command, you can compete. Awards are given to the top three teams in both rifle and pistol, and a large trophy is given to the first place finishers to host at their command for the year.

Once new shooters are trained, All Navy week is intended to test that training and shoot to determine All Navy honors. Instead of individual commands, the All Navy Blue and the All Navy Gold (both active and reserve) teams compete from each coast to determine All Navy Team Trophy and bragging rights. Once the All Navy match is complete, the 2020 Navy Rifle and Navy Pistol teams are determined for Active and Reserve. These individuals are invited, and encouraged, to compete at the Interservice and National level to represent the Navy against the other armed services. The training received during these matches will prepare you for higher level competition. Your match fees, your efforts, and the efforts of the staff are all geared towards fielding and improving the "Big Navy" team. Keep in mind that the Camp Perry National Pistol Record is still held by Petty Officer 1st Class Don Hamilton, and the 1979 Long Range Rifle Champion was ETC Michael Gorchinski. The development and success of Navy shooting in the future depends on the effort and resources we devote today.

You are required to read and know this Match Bulletin. You will need to read, print and bring it with you to the matches. Significant changes for this year include different rifle and pistol ranges than in past years, additional authorized weapons and configurations, new EIC minimum point requirements, and new guidance on any safe ammo. All these changes are discussed in the program, along with the applicable references.

SAFETY

The Navy marksmanship matches are not simply sporting events. They are military training events. As with all other Navy training events, safety is paramount. We will conduct 10 days of rifle and pistol marksmanship training in a safe manner.

We are gracious guests of the Marine Corps – act professionally! Being heads-up and alert will ensure we have a safe and successful match. Be prepared for each stage of the match and you will have fun!

Hold hard, align your sights, and keep your shots in the X ring!

For participants that don't own their own gear we will have loaner weapons and gear. If you are having any challenges in attending the matches please refer to the website for contact information.

Very Respectfully,

//

CDR Jesse Currier, USNR
Match Director

Match Location:

Horno Range Complex (R213 / R214) is located on Basilone Road, approximately

Directions to Range 213/214: Take I-5 north 50 miles from San Diego, Ca. or Take I-5 south 40 miles from Los Angeles. Exit at Las Pulgas Road. Follow road east to Camp Pendleton gate. Once on the base proceed on the entrance road (South) for approximately 0.3 mi. and you will come to the intersection of **Stuart Mesa** and **Las Pulgas** road. Turn left on **Las Pulgas** and proceed East approximately 6 miles and turn **left** on **Basilone Road**. Proceed approximately 5 miles North until you reach Camp Horno (Area 53). Turn Right on Range Road which is opposite of the running track on the left side of Basilone Road.

Base Access: There is a new procedure to get access to Camp Pendleton. Civilians that do not have base access privileges must seek a sponsor to get access to the base. If you have a Military ID card (Active/Reserve/Retired) then there is no issue. All Civilians must register for the USNMT matches by 10 April 2020 in order to be on the Sponsored List for DBIDS access.

The following are instructions for MCB Camp Pendleton Base Entry to receive your DBIDS Credential Card:

- The USNMT is your official Sponsor to get onto the base. A roster of registered civilians will be submitted prior to the match. **(You must register by sending your match application to USNMTWEST@gmail.com by 10 April.)**
- You are required to go to the Visitors Center located at the Camp Pendleton Main Gate. They are located in the back of the parking lot of the Main Gate (Right side) off the I-5 in a triple wide trailer labeled

VISITOR CENTER

The Visitor Center hours are Monday thru Friday ONLY. The Visitor Center hours are:

Monday-Friday 0730-1530
 Wednesday 0745-1530
 Office number: 760-763-8435

IMPORTANT NOTE, PLEASE READ!!

Per MARADMIN 595/18 and DoD Manual 5200.08 V3 (As of Jan 2 2019), driver licenses and identification cards marked “not valid for federal purposes, federal limits may apply”, or any other similar language may not be accepted by DoD for the purpose of unescorted access (i.e. to obtain a Visitor Pass or DBIDS Credential). You must bring along with you a current Drivers License/State ID, a passport or original Social Security Card and Birth Certificate.

If driving on base, you must bring in current vehicle registration and current insurance for the vehicle to be permitted to enter base.

Are you driving a rental? You must have Liability insurance through the rental agency or provide a copy of your own insurance card.

If you need access during the Visitor Center closed hours (i.e. weekends/evenings) you will need to be escorted by a Military ID card holder. **NO EXCEPTIONS!**

Check in: Upon arrival, check into the Stat Office, located at Range 214 (rifle range). Check-in will be 1300-1800 on Friday, 24 April and 0600-0630 on Saturday, 25 April. **(You must be preregistered)**

Authorized Participation: The PACFLT and All Navy (West) Championships are open to both Military and Civilian shooters, up to the range limit of 200 participants (4 relays). Range priority will be in the following order:

1. Navy Active Duty/ Reserves
2. Navy Retired
3. Other Service Active Duty/Reserves
4. Other Service Retired
5. Civilians shooting the entire week
6. All others

Note 1: During any given calendar year an individual may only compete in one Fleet match (either coast) and, if qualified (or at discretion of match director), and one All Navy match (either coast). For example, an individual may compete at the PACFLT matches and the All Navy (East) Matches, but may not compete at both the All Navy (West) and All Navy (East) matches. This restriction holds for all phases of the championships: individual, team, and excellence in competition (EIC) matches.

Note 2: Civilians (including retirees) are only permitted to shoot in one military EIC match for record per year. Unless declared otherwise, the Fleet EIC match will be counted as your record match. The match format will administratively contain both an EIC match and a NMC, with awards for the combined matches (i.e. if you are not shooting for leg points, you will be scored under the NMC match, keeping in line with CMP rules that you may not shoot an EIC match “out of competition”).

Registration Fees: Each competitor will pay \$50 per competition (PACFLEET or All Navy) or portion thereof. In other words, whether you shoot one match or all of PACFLEET or All Navy, the fee is \$50 each.

Whom	Event	Match	Cost
All Competitors	PACFLEET	Any and All Matches	\$50.00
All Competitors	ALL NAVY	Any and All Matches	\$50.00
All Competitors	Both PACFLEET and ALL NAVY (10 days), Any and All Matches		\$100.00

Entries: All entries must be accompanied by full payment. Entry forms are available on line at www.usnmt.org.

Entries Close: Email entries must be received by 15 April 2020, (Only Walk-Ins will be authorized if the competitor has a DOD ID Card, 1700, 24 April 2020 at Stats Office Check-in). Only Email entries will be accepted, the PO Box for mail entries has been closed.

NOTE: If you think that you might attend or plan on attending, fill out the entry form and send it in before the deadline date! You can always cancel and get a refund if schedules/plans change at the last minute.

Military Orders: Only individual orders will be accepted. Group orders will not be accepted as they do not allow the Match Director to select outstanding individual marksmen for higher competition (All Navy). Individuals attending the Matches under orders are required to be present for the entire period of the orders (exceptions require approval of the Match Director).

The following statements shall be written into all original orders: (As Required)

1. "Report to Match Director USNMT Pacific Fleet Rifle and Pistol Training at Range 214, MCB Camp Pendleton, CA. If qualified and selected for further competition, you will proceed to such additional places as directed by competent authority for the All Navy Rifle and Pistol Championships."
2. "Transporting weapons: You are permitted to transport weapons/firearms for use in training and competition IAW the Gun Control Act of 1968, title 18, Chapter 44, Section 926A."

Messing Facilities: Only active duty and reserve military members are permitted to utilize the designated chow hall on board Camp Pendleton. Note that competition hours are such that messing may not be open before competition commences or after competition ceases for the day. There may be food and beverages available for purchase from vendor trucks, but this service is not guaranteed. Therefore, competitors are highly encouraged to bring their own food and water sufficient for a full day of training and competition.

Billeting: On-base, no-cost Billeting will be available; this will be either open bay or two-person rooms. Other lodging is available at Lake O'Neill (tent and RV sites), NGIS on MCB Camp Pendleton, and hotels in Oceanside and Carlsbad.

Travel: Commands are highly encouraged to sponsor costs for individuals/Teams for this military training event. Unlike the All-Navy Sports teams, US Navy Marksmanship Team competitors do not receive funded travel from the MWR. USNMT competitors require a minimum of no-cost TAD orders to attend the Fleet and All-Navy Rifle and Pistol Championships, however the Navy's Small Arms Training and Qualification instruction encourages Commanding Officers to "encourage and support participation in competitive matches" (OPNAVINST 3591.1F, page 8-9). The Fleet and All-Navy Rifle and Pistol Championships are a training event, so partial and fully funded orders are optional under the JTR, at the discretion of Commanding Officers. In cases where the command is unable to fully fund Paid-TAD orders or government vehicles, the individual competitor will be responsible for any and all unfunded travel and participation costs. Attending Sailors not only receive the highest grade of marksmanship training, but also are able to earn annual small arms qualifications.

Firearms: Authorized Weapons IAW Refs A and E, Standard Grade, Match Conditioned, or commercial equivalent is:

- **Service Rifle** - M1, MK2-1 (7.62 mm), M14, M-1A, M16, and AR-15(see *CMP Highpower Rifle Competition Rules, 24th Edition - 2020* rule book for new changes <https://thecmp.org/competitions/cmp-competitions-rulebooks/>). Some key items to be aware of for service rifle include:
 - **Optics allowed**, variable scopes with a max power 1-4.5x installed on the receiver with maximum objective lens of 34mm. If an optical sight is used, the same optical sight configuration must be used in all stages of the course of fire (changing sights or sight mount configuration is not permitted.)
 - **There will only be one class of service rifle, optics and iron sights will compete in the same class.**
 - **CMP Alternative Rifle.** Residents of states where the ownership of a Service Rifle that complies with Rule 4.1.1 is prohibited by law may use a CMP Alternative Rifle, See Rulebook for details.
 - **AR10-type commercial rifle** or M110 U.S. Army Service Rifle may be used for Long Range matches under the Long Range Service Rifle category.

- Service Pistol - M1911/M1911A1 .45 CAL, M9 9MM (BERETTA 92FS). Additionally, most any center-fired pistol in calibers 9MM through .45 CAL are authorized. See *CMP Pistol Competition Rules, 24th Edition – 2020*, Table 3, for list of authorized pistols. (<https://thecmp.org/competitions/cmp-competitions-rulebooks/>).
 - MATCH-CONDITIONING MODIFICATIONS. Rules permit pistols with several additional match-conditioning modifications. In addition to authorized modifications on M1911 and M9 pistols such as barrel bushings, extended and vented triggers, replacement sights and Accurails, the rules permit all approved service pistols to have oversize or extended magazine releases, hammers of any configuration, beavertail grip safeties, ambidextrous or extended safeties and full-length recoil guides.
- Limited numbers of match-grade AR-15 rifles, M1911A1 and M9 pistols are available for sharing by competitors who do not have personal equipment. Not owning your own personal gear does not prevent you from participating. Many of our competitors have spare weapons and equipment and/or are willing to share with other competitors. Ideally this would be coordinated prior to the matches, but is often determined at the matches.
- California Gun Laws:
 - Weapons (rifle). M14, M16, or civilian equivalent (AR-15) service rifles are considered assault weapons under California law. Federal government weapons are exempt. Out of state residents may bring assault weapons into the state if attending an organized match or competition conducted on a target range, club, etc., for the purpose of shooting targets. (i.e. You can bring an assault weapon into the state, shoot in the matches, and then depart the state.)
 - State of California has No restriction on ownership of high capacity magazines, but Los Angeles City has a restriction on possession of High Capacity Magazines.
 - Transportation of “Assault Weapons” as defined in California Law must be unloaded in a locked case and not accessible to the driver or passengers.
 - Individuals who live off base must go directly to the range upon entering the Marine Corps Base. Personally owned firearms may be transported between the ranges, the Armories' van, and the Match Office. Limited firearms storage is available on Range 214.
 - Pistols must be transported the same way as assault rifles.
- **Firearms and Ammunition on Camp Pendleton.**
 - All Firearms must be in a locked container inaccessible from the passengers.
 - Ammunition must be in a separate container and inaccessible from the passengers.

Ammunition: *CMP Highpower Rifle Competition Rules, 24th Edition – 2020* Rule 4.3 “Any safe ammunition”. ALL Competitors will be required to supply their own ammunition. Limited quantities of ammunition may be provided on a case-by-case basis for those arriving with none (i.e. if you are borrowing equipment/weapons on the line, your firing point sponsor MAY be able to provide ammunition). Note: while perfectly legal to use 55 grain 5.56/.223 ammunition, the accuracy of this round is not conducive to precision marksmanship beyond 200 yards. Recommend 77 or 80 grain match ammunition fired from a 20” 1:8 twist barrel.

- Camp Pendleton ammunition rule: **Ammunition must be factory produced and boxed**; no hand loaded (“reloads”) ammunition will be allowed.
- Other Services – Other services will provide their own ammunition.
- Service pistol competitors may use any safe ammunition loaded with metal-jacketed bullets. Non-jacketed, Wad-cutter or lead bullets may not be used. Semi-wadcutter (SWC) bullets are authorized.
- To be clear, In accordance with CMP rules, bullets MUST be metal-jacketed. Copper plated bullets are not legal. If you are not sure, please ask.
- LIMITED AMMUNITION WILL BE PROVIDED FOR ACTION SHOOTING for Active and Reserve Navy shooters ONLY. All other competitors will need to furnish their own ammunition if they desire to participate in the action shooting portion of the matches.
 - Shotgun – NO STEEL. Bird shot only 6-9 shot
 - Pistol and rifle – NO STEEL CORE ammunition
 - NO RELOADS. Factory loaded ammunition only
 - If using loaner firearms, bring:
 - 9mm (115gr is acceptable), 100 rounds
 - 5.56/.223 (55gr is acceptable), 60 rounds
 - 12ga Bird Shot only, 6-9 shot, 25 rounds.

Uniforms: The uniform for this training event is the Navy Working Uniform Type I and III. Individuals authorized alternate camouflage uniforms may wear them to the match. While on the range, competitors are authorized appropriate shooting attire. Before and after shooting, competitors must be in a clean, complete, and proper uniform.

Targets: NRA Approved Targets: Pistol – B6, 50 yd and B8, 25 yd; Rifle – SR, 200 yd; SR3, 300 yd; MR, 500/600 yd.

Squadding: Individuals are responsible for knowing their squadding information. Unless otherwise announced, squadding information will be posted on the bulletin board (also known as the “Wailing Wall”) outside Match HQ. **Remember your firing point.** During the rifle phase, the more experienced shooters will be squadded on the first and third relays. These shooters are expected to assist less experienced shooters with setting up their gear, getting into position, scoring, reading the wind, etc.

Safety Flags (ECIs): Safety Flags (formerly called Empty Chamber Indicators or ECIs) must be placed in all weapons (pistol and rifle) when they are removed from a vehicle and/or carried on a range whether they are carried in a pistol/rifle box or case or are carried uncased. Safety flags may only be removed during preparation and firing periods. Safety flags must be fluorescent orange, yellow or a similar bright color and must have a probe that inserts into the chamber and a visible flag that projects out from the open gun action.

Limited Technical Inspection: All weapons require a Limited Technical Inspection (LTI) to determine safe operation and rules compliance. Measures (weights, rulers) used by LTI inspectors are the standard for the match and will be the final determinant for LTI passage.

Personal Equipment: EYE AND HEARING PROTECTION IS REQUIRED for all personnel present while live firing is being conducted. Availability is the individual’s responsibility. Rifle shooting equipment (coats, gloves, mats, spotting scopes) are available on a limited basis and in limited sizes. Gear issue will be done on Monday April 27 during rifle training. Type and quantity of equipment available for checkout will not be known until muster.

Excellence-In-Competition (EIC) Reporting:

- Navy – EIC points and place awards will be issued to the Top 10% of the non-distinguished Navy Shooters.
- Other Services – Results will be available to the other services. Each service will issue points and awards based on their governing instructions.
- Retired/Civilians – Results will be available to the CMP for determination and they will issue points and awards taking into consideration the minimum score requirements set by CMP.

Qualification Course (issuing of Navy Marksmanship ribbons/medals): Except for practice days and team match scores, all other courses of fire are considered qualification courses for purposes of earning Navy Marksmanship ribbons/medals. Navy competitors who meet or exceed current qualification cutoffs (below) will be issued letters for marksmanship medals/ribbons upon request if not already entitled to the award. Competitors requiring the OPNAVINST 3591.1F Navy Handgun Qualification Course for watch-stander qualification should have the requirement stated from their command (either in their orders or in separate correspondence), and highlight this during registration.

Rifle:	Expert	425 - 500
	Sharpshooter	400 - 424
	Marksman	350 - 399
Pistol:	Expert	210 - 300
	Sharpshooter	180 - 209
	Marksman	160 - 179

Challenges and Protests: The following is from the NRA Highpower Rifle Rules and is printed for informational purposes. The most current issue of the NRA Highpower Rifle Rules will govern.

16.1 Challenges – When a competitor feels that shot fired by himself or by another competitor has been improperly evaluated or scored, he may challenge the scoring. Such challenge must be made immediately upon announcement of the score. No challenge will be accepted after the targets have been pasted...

16.2 Protests –A competitor may formally protest:

- (a) Any injustice, which he feels, has been done him except the evaluation of a target, which he may challenge as outlined in Rule 16.1.
- (b) The conditions under which another competitor has been permitted to fire.
- (c) The equipment, which another competitor has been permitted to use.
- (d) The score that a competitor has received.

16.3 How to Protest - A protest must be initiated immediately upon the occurrence of a protested incident. Failure to comply with the following procedure will automatically void the protest:

- (a) State the complaint orally to the Chief Range Officer. If not satisfied with his decision then,
- (b) State the complaint orally to the Official Referee, Jury Chairman or Supervisor. If not satisfied with his decision then,
- (c) File a formal protest in writing with the Official Referee, Jury Chairman or Supervisor stating all the facts in the case. Such written protest must be filed within 12 hours of the occurrence of the protested incident.

During the PACFLT and All Navy (West) Matches, the official referee is CWO4 (ret) Don Gussler, however, in his absence, it is the competition (Rifle or Pistol) Phase Director. The Protest Committee consists of the Match, Rifle and Pistol Directors, their Assistants and the Officer-in-Charge. The challenge jury shall consist of any 3 distinguished shooters in that discipline without a conflict of interest in the target being challenged.

Results Challenge Period: Scores will be posted on the official bulletin board outside the admin building. Competitors are responsible for initiating challenges to the posted scores to the Match Director, Assistant Match Director, or Statistical Officer before the next day's firing or as marked on match results by Statistical Officer. After that time, all scores will be final.

Scoring Challenge Fee: Challenges on the line will be \$1.00 per challenge.

Awards: The Awards Ceremony will be conducted on the final day of the matches (3 May 2020) at the R-214 bleachers and is open to all family and friends who chose to participate.

The purpose of this award is to encourage female Navy personnel to compete and to continue improving their marksmanship skills. The award is sponsored by Charmaine Malone, a long-time shooter with us, as

her way of giving back to the PACFLEET/ ALL-NAVY matches and thanking all the kind and helpful personnel for providing the invaluable instruction over ten years to help make her the shooter she is today.

The Pacific Fleet Rifle Team Trophy and Pacific Fleet Pistol Team Trophy will go to the highest scoring Navy Command team regardless of small or large command. The All Navy Rifle Trophy and All Navy Pistol trophy will be awarded to the highest scoring team of the two coasts, regardless of active or reserve team.

General Information:

1. **Safety** is our top priority. Wear/use your personal protective equipment and obey the rules. Violations of these rules are sufficient for immediate disqualification and removal from the matches.
2. **Profanity.** Profanity or abusive language will not be tolerated. Conduct yourselves in a professional manner in keeping with the Navy Core Values of Honor, Courage and Commitment. The marksmanship discipline exemplifies these traits.
3. **Alcohol policy.** The consumption of alcohol less than eight hours prior to shooting or *while shooting is in progress* is prohibited. If you are suspected of being under the influence, you may be directed to medical for a fitness for duty evaluation and subsequent administrative action.
4. **Limited technical inspections (LTIs).** LTIs performed by match officials will be conducted on all weapons to be fired, including government owned.
5. **Dining facilities.** There will be geedunk trucks at various times on the range. Otherwise, the nearest eating facilities are located at Area 43. During matches there will be no lunch break, so plan accordingly.
6. **Water.** Participants should bring their own water containers and sufficient water for 12 hours on the range in potentially hot and dry conditions. Stay hydrated at all times.
7. **Berthing.** Location will be available at Check In.
8. **Parking.** Competitors may park in designated parking only. During check in, parking areas will be highlighted for each range in use.
9. **Muster.** Each individual is responsible for mustering at the appropriate time and place each day with shooting equipment. During the rifle matches, you will muster on the 200-yard line at your assigned firing point. If you are a member of a team, the senior petty officer may muster the whole team with the appropriate Match Staff official. If you are not present for muster, you may be disqualified from that shooting evolution.
10. **Armory Use.** The Armory is to be used to store personally owned firearms during the duration of the matches for personnel visiting from out of the area. The armory will be open before and after a match during posted hours only. The hours will be posted both at the armory and on the match bulletin board located by the admin building.
11. **Match Feedback Form.** A Match Feedback Form will be available at checkout. Please feel free to make comments to improve this event. Your feedback is important.

NAVY RIFLE AND PISTOL TEAM COMPOSITION RULES:

Small Command Team: Small Command Team is a command made up of less than 500 personnel.

Large Command Team: Large Command Team is a command made up of more than 500 personnel.

NOTE: To keep the spirit of team competition between all small commands and large commands, we will not have "Move-up" teams or "Discipline" teams. If a small command only has three shooters, the 4th shooter will be randomly drawn from the entire pool of new shooters and that command will compete as a small command. If a large command only has 3 shooters, the 4th shooter will be drawn from the pool of new shooters and that command will compete as a large command. Random draw is conducted by the Pistol or Rifle Phase Director accordingly. If your command only has two shooters, then you can try to put together a "make-up" team and compete for bragging rights.

Active Team: All shooters must be on active duty from the same command; a reservist may be a member of an active team if the reservist is on extended active duty of over 90 days before the match starts. Other services stationed at the same command may be part of the team but can only make up 50% of the firing members. An FTS team from the same Reserve Center/Command will be considered as an active duty team, however if one member is a reservist from the same Reserve Center/Command then the team will be considered a reserve team. Every team must have a new shooter.

Note: Retired, reserve or other ineligible members may serve on a legal team as non-firing members, i.e. coach, score keepers, target pullers, etc.

Command Team: All members of the team must be from the same command or three members of the team must be from the same command and the remaining member will be randomly drawn from a pool of new active shooters. Command Team must have a new shooter. Pulling 4 shooters together and calling themselves Navy Region Mid Pacific will not fly... The intent of the team awards is for ships, squadrons, subs or shore stations to field a full team to represent that command.

Reserve Team: All shooters must be on reserve ⁽¹⁾ or fleet reserve ⁽²⁾. Active duty and retired may not be members of a reserve team. A Reserve Team will be Reserve Sailors from the same UIC. Reserve Center is the order-writing authority for those Unit/Units. A Reserve team is NOT Reserve Sailors from a Fleet concentration area (i.e. North West). If that were allowed, then we would have active duty Sailors from multiple ships in San Diego to make-up their own team. All Sailors must be from the same UIC. Note: Every team must have a new shooter.

⁽¹⁾ Reservists mobilized to extended active duty over 90 days prior to match start may request to compete as reservists for both individual and team matches. However, a reservist must declare their intent to compete as active or reserve prior to the start of the matches, and must compete for all individual and team awards in the same category for the duration of the matches.

⁽²⁾ A Fleet Reserve may request to compete as retired/civilian for both individual and team matches. However, a Fleet Reservist must declare their intent to compete as fleet reserve or Retired/Civilian prior to the start of the matches, and must compete for all individual and team awards in the same category for the duration of the matches.

Note: Retired, Active or other ineligible members may serve on a legal team as non-firing members, i.e. coach, score keepers, target pullers, etc.

Command Team (I): All members of the team must be from the same Reserve Unit or the same Reserve Center. If the team has only three members from the same Reserve unit or Reserve center, then the remaining member will be randomly drawn from the pool of reserve new shooters. Note: Command Team must have a new shooter.

Command Team (II): All members of the team must be from the same Reserve Unit or the same Reserve Center. FTS will be considered reserves if they are responsible for the administrating of the same Reserve Center. If the team has only three members from the same reserve unit or reserve center, then the remaining member will be randomly drawn from a pool of reserve new shooters. Note: Command Team must have a new shooter.

Retired Team: All shooters must be retired from the NAVY. Enlisted are retired after 30 years. Officers are retired upon leaving active duty. Active duty, Fleet Reserve ⁽¹⁾ or Reserve members cannot be members of a retired team. Retired team will not be considered for awarding of command trophies.

⁽¹⁾ A Fleet Reserve may request to compete as retired for both individual and team matches. However, a Fleet Reservist must declare their intent to compete as fleet reserve or Retired/Civilian prior to the start of the matches, and must compete for all individual and team awards in the same category for the duration of the matches.

Make-up Team: Both active duty and reserves may enter a make-up team. The team is made up of four individuals from various disciplines or commands. The make-up team must have a new shooter. Make-up teams will only win bragging rights, and will not be considered for awarding of command trophies. (The use of this rule is at the discretion of the Board and ammunition availability). If a small or large command team does not have enough pit pullers to support their team, the rifle director will assign pit pullers from those shooters not assigned to a legal team. Make-up teams will only be allowed once the legal small and large command teams have enough pit pullers to support those teams.

Other Service Teams: During the Fleet Forces Command (Pacific) Week, other services (Air Force, Army, USCG, and USMC) are permitted to enter a team for training purposes and bragging rights but are not eligible for the Pacific Fleet Team trophies.

Maximum number of Teams: PAC – max of two teams per command, at the discretion of the match director. All Navy week – two active teams, two reserve teams, one retired team and other services may enter one team each. There will be no “make-up” teams allowed. The Rifle Director will assign pit pullers and score keepers from those shooters not assigned to a legal team to support the All Navy rifle teams.

Scoring:

All competitors will score. Any competitor who does not fulfill his/her scoring duties may be disqualified. Scoring procedures are in accordance with Ref E.

- **Pistol:** Competitors will proceed to the target assigned for scoring, **(DO NOT GO TO YOUR TARGET FIRST)**, score the other target **(Do not place anything into any shot holes)**, record the score on the score card and also write the score on the target (within the area covered by a replacement center) for the other competitor. Only then will you proceed to your target to verify that your scorer has scored your target correctly. If there is anything other than a minor correction (math error, etc), do not argue the score, staple \$1 to the target (challenge fee) and tell a block officer you have a challenge. The score will be evaluated by a jury and you will be notified of the results after you finish shooting (i.e. don't dwell on it).

- **Rifle:** As scorer, you serve as a match official and will score as follows:
 - Slow Fire shots – call out the value of each shot to the competitor. (Value only, do not give any clock position). If you have a target that comes up with anything but the required 10 shots, contact a line official. Double check this.....
 - Rapid Fire – Watch the competitor to verify that he/she has loaded the gun correctly; count the rounds the competitor shoots, watch for any malfunction or issue. Report it to the line official when required. If you have a target that comes up with 6” spotting disks on the top of the target then you have a target that had insufficient or excessive hits. Follow the instructions of the line official.
- **Scorecards:** Scorecard discrepancies can ruin an otherwise good day at the range. A wise carpenter uses the adage “measure twice, cut once.” The careful competitor will check and re-check their scorecard for accuracy. Once the scorecard is turned in, there is no provision for updating an improperly completed/added score. It is your responsibility to ensure 100% accuracy prior to submitting the scorecard. It is highly recommended that you have a 5x7 clipboard to hold your scorecard during scoring, the strong winds have blown many loose scorecards downrange. You should also bring a gallon size Ziploc bag for rainy weather!

Target Service: Competitors will be required to pull/mark targets as assigned by the Rifle and Pistol Match Directors.

Alibis: The PACFLT and All-Navy (West) Service Rifle matches follow the Civilian Marksmanship Program’s (CMP) rules regarding alibis. However, we conduct a military training event in which we train new shooters; our primary focus is on safety, not speed. Therefore, PACFLT and All-Navy (West) Service Rifle matches will adhere to the following alibi procedures:

- Any competitor suffering a rifle mechanical malfunction prior to, or during, the firing of a slow-fire stage shall be given extra time to complete the stage, equal to the duration of the stoppage.
- Any competitor suffering a rifle mechanical malfunction prior to the firing of a rapid-fire stage shall be given adequate time to correct the malfunction prior to the firing of the stage.
- Any competitor suffering a rifle mechanical malfunction during the course of a rapid-fire string shall be permitted a refire, unless the competitor attempts to clear the malfunction.
- Any occurrence where the competitor causes the firing pin to strike a round in the chamber, and the round does not fire, the competitor shall keep the muzzle pointed downrange and raise their firing hand to alert a block official. After the block official supervises the safe clearing of the rifle, a refire shall be given.
- The match director reserves the right to declare any rifle disabled, if they believe that repair will take longer that they deem feasible.
- All CMP rules concerning the handling of insufficient or excessive hits in rapid fire strings will still be followed.
