Subj: MATCH DIRECTOR'S WELCOME

Welcome to the 60th Annual Atlantic Fleet and All Navy Matches! Our goal during these matches is to provide you with a premiere training and competition experience in order to improve your competence in small arms marksmanship and to prepare you for success at higher level competition. We are always looking to improve our training programs, which is why this year's match format will be slightly different than prior years. This year's focus will be on improved new shooter training and the enhanced development of non-distinguished shooters with the goal of growing a Navy team that is highly competitive at the national level.

This is important, so I want to go ahead and talk about it upfront. In prior years we have been able to secure no-cost lodging for military competitors at Camp Upshur. Unfortunately this year that more than likely will not be the case. In the off chance that it does become available, we will let everyone know as soon as possible. With the situation as it is, I am encouraging every competitor that needs lodging to go ahead and reserve it now. Most lodging options have liberal cancelation policies which will give you the option to cancel your reservation should Camp Upshur open up.

Like last year, COVID still continues to have an impact on our lives and we will operate in accordance with the most current DON and DOD regulations and policies. Most importantly, if you are sick or have COVID like symptoms, please do not brush it off. Go get tested and consult your medical provider prior to showing up to the matches. If you come down with symptoms while at the matches you are required to remove yourself from training and to get tested. Test results will be handled in accordance with the most current guidance at the time.

For the new shooters who are attending a rifle or pistol competition for the first time, we will be conducting a Small Arms Firing School (SAFS) at the beginning of each shooting phase. The goal of the SAFS is to give new shooters a solid foundation in High Power and Bullseye competition and to enhance their basic marksmanship skills. We ask that new shooters come to the SAFS with an open mind and an eagerness to learn.

For every shooter attending the matches this year, please recognize that these evolutions do not happen by themselves. These matches are the result of a lot of planning, dedication and hard work, and would not be possible without the effort of the match staff. While things might not be perfect, please know that we are trying our hardest to give you the best experience and training possible. I would also ask for everyone to please be ready to help out where they can while in attendance. Setting up and tearing down the ranges is a team effort and will go much quicker if everyone lends a helping hand. The faster we get set up, the quicker we can get to shooting, and the more time we will have to train.

There will be no match message again this year. If your commands have questions or concern, please feel free to have a member of your triad reach out to me. I can be reached at william.c.hinson1@navy.mil and I am always happy to talk about the Navy Marksmanship Team.

Lastly, I would like to say that I am excited to see everyone at this year's match and look forward to the comradery, training and friendly competition that is always to be had. Stay safe, train hard and be prepared to take to the next level.

Very Respectfully,
CDR Chris Hinson

Pending superseding Navy instructions, the current National Rifle Association (NRA) High Power Rifle and Conventional Pistol Rules, and the current Civilian Marksmanship Program (CMP) rules will govern the conduct of our matches. **The match director has final say on rule issues.**

Open to: The LANTFLT and All Navy (East) Championships are open to both Military and Civilian shooters, up to the range limit of 200 (4 relays). Range priority will be in the following order:

1. Navy Active Duty/ Reserves
2. Navy Retired
3. Other Service Active Duty/Reserves
4. Other Service Retired
5. Civilians shooting the entire week
6. All others

Note 1:

During any given calendar year, an individual may only compete in one Fleet match (either coast) and if qualified (or at discretion of match director), one All Navy match (either coast). For example, an individual may compete at the PACFLT matches and the All Navy (East) Matches, but may not compete at both the All Navy (West) and All Navy (East) matches. This restriction holds for all phases of the championships: individual, team, and Excellence In Competition (EIC) matches.

Note 2:

Civilians (not including retirees) are only permitted to shoot in one military EIC match for record per year. If you are shooting both Fleet and All Navy matches, the All Navy EIC match will be counted as your record match. The match format will administratively contain both an EIC match and a NMC, with awards for the combined matches (i.e. if you are not shooting for leg points, you will be scored under the NMC match, keeping in line with CMP rules that you may not shoot an EIC match “out of competition”). **You must DECLARE AT CHECK IN if you do not wish to be “in competition” for EIC points in any match.**

Registration Fees: Each competitor will pay \$50 per competition (pistol or rifle) or portion thereof. In other words, whether you shoot one match or all of a match (rifle or pistol), the fee is \$50. The .22 EIC match is a separate match from the pistol matches so a separate fee applies. If you are registered for the full pistol phase, the .22 EIC fee is \$15. If only shooting the .22 EIC match, the fee is \$25.00. A shooter wishing to participate in ALL matches during the week will pay \$155.

Whom	Event	Match	Cost
All Competitors	PISTOL	Any and All Matches	\$50.00
All Competitors	RIFLE	Any and All Matches	\$50.00
All Competitors	.22 PISTOL	.22 EIC (CMP fees)	\$15.00/\$25.00
