60th Annual Pacific Fleet & All Navy (West) Rifle and Pistol Championships 2022

Subj: MATCH DIRECTOR'S WELCOME

To: Match Competitors

Welcome to the 60th Annual Pacific Fleet and All Navy (West) Rifle and Pistol Championships! My match staff will provide you with premier marksmanship training and competition experience over the next 10 days. The Civilian Marksmanship Program (CMP) rules for service rifle and service pistol provide the framework from which we construct our program. For Excellence in Competition (EIC) matches, we will adhere to USNMTINST 3590.26 guidance and award medals to the top 10 percent of eligible Sailors. Our goal during these matches is to provide you with a premiere training and competition experience so you depart with a stronger sense of confidence and competence in small arms marksmanship.

The past year has been non-typical due to COVID-19 and we will continue to adapt to make sure we are conducting a match in a safe and appropriate manner and abiding by the current US Navy, DOD and CDC regulations. Please check the official website regularly leading up to the matches, as dates could still change along with the manner in which we are conducting these matches. An official Navy message will not be sent this year, however, the program is still supported by the Navy and Commanding Officers are free to contact me with any questions or concerns that they have about the training and competition at jesse.currier@navy.mil. Any update to the schedule will be promulgated through the official team website, which can be found here: <https://www.usff.navy.mil/usnmt/> and the unofficial team website at: <http://usnmt.org/>

For some, this is another year in a long line of Navy Marksmanship Team participation. For others, this is your first exposure to competitive shooting in the Navy. The intention this year, as it is every year, is to focus on skilled marksmanship training for the new shooters (first time attending a Bullseye Pistol or High-Power Service Rifle competition). I request that all those who have been at this sport for a while dust off your old gear, bring that backup rifle/pistol, and be prepared to train the next generation of Navy Marksmanship Team members. For the civilian friends that join us on the range, please share your knowledge and experience. These matches are geared toward training new Navy shooters. Your patience is expected and greatly appreciated.

Commands are encouraged to field rifle and pistol teams. Team rules are promulgated in this bulletin. A team consists of four shooters. If you can get three shooters from the same command, you can compete as an official command team (we will assign a fourth shooter to complete the 4-person team). Awards are given to the top three large command and top three small command teams in both rifle and pistol, and a large trophy is given to the overall first place official Navy team which they will take back to their command for the year. During the All Navy match, the top active and reserve shooters will compete to determine All Navy honors between East and West Coast. While shot on different dates, the same course of fire is used, thus providing comparable results to award the All Navy Team Trophy as well as "bragging rights."

I must emphasize that the purpose of the All Navy match is to support higher level competition. Your match fees, your efforts, and the efforts of the staff are all geared towards fielding and improving the "Big Navy" team. Remember that the Camp Perry National Pistol Record is still held by Petty Officer 1st Class Don Hamilton, the 1979 Long Range Rifle Champion was ETC Michael Gorchinski, and the 2014 National Trophy Individual (rifle) Champion was CDR Matthew Bartel. The development and success of Navy shooting in the future depends on the effort and resources we devote today.

The Navy Marksmanship Team has and will continue to operate due to the hard work, perseverance, and professionalism of a small group of dedicated individuals. Some are very senior (in both time-in-service and paygrade) and many are retired. To ensure the continued success, conduct and expansion of the Navy matches, find an aspect of the matches that you enjoy and pitch in and help out. The "Match Staff" is constantly looking for new participants with strong leadership skills. Our program relies completely on an all-volunteer staff.

Pending superseding Navy instructions, the current National Rifle Association (NRA) High Power Rifle and Conventional Pistol Rules, and the current Civilian Marksmanship Program (CMP) rules will govern the conduct of our matches. The match director has final say on rule issues.

No consumable items are provided (TP, trash bags, etc.). Vertical wall lockers may be available. Competitors are encouraged to bring a footlocker or other secure storage. Due to potential COVID-19 restrictions/spacing, billeting may be limited to a smaller number of competitors with preference given to the most junior active and reserve personnel. Competitors on orders can make reservations on base via Camp Pendleton Billeting, at 760-763-5730, e-mail: pendletonbilleting@gmail.com.

There is no “NGIS” at Camp Pendleton; there is MCCS and a Marine Corps Inn. From R-213/214 range, hotels just outside San Onofre (North Gate) are closer (about 20 minutes) than anything in Oceanside or Carlsbad (South Gate) (close to an hour).

Authorized Participation: The PACFLEET and All Navy (West) Championships are open to both Military and Civilian shooters, up to the range limit of 200 participants (4 relays). Range priority will be in the following order:

1. Navy Active Duty/ Reserves
2. Navy Retired
3. Other Service Active Duty/Reserves
4. Other Service Retired
5. Civilians shooting the entire week
6. All others

Note 1: During any given calendar year an individual may only compete in one Fleet match (either coast) and one All Navy match (either coast). For example, an individual may compete at the PACFLEET matches and the All Navy (East) Matches but may not compete at both the All Navy (West) and All Navy (East) matches. This restriction holds for all phases of the championships: individual, team, and excellence in competition (EIC) matches.

Note 2: Civilians are only permitted to shoot in one military EIC match for record per year. Unless declared otherwise, the Fleet EIC match will be counted as your record match. The match format will administratively contain both an EIC match and a NMC, with awards for the combined matches (i.e. if you are not shooting for leg points, you will be scored under the NMC match, keeping in line with CMP rules that you may not shoot an EIC match “out of competition”). **You must DECLARE AT CHECK IN if you do not wish to be “in competition” for EIC points in any match.**

Registration Fees: Each competitor will pay \$50 per competition (PACFLEET or All Navy) or portion thereof. Participation in both PACFLEET and All Navy the total fee is \$100 per competitor.

Whom	Event	Match	Cost
All Competitors	PACFLEET	Any and All Matches	\$50.00
