The National Matches will occur in early July at Camp Perry, Ohio; NRA will run from 8-13 July and CMP will occur on 14-15 July. This year, I will be the USNMT Pistol Team OIC and Team Captain for Interservice.

Please confirm your contact information and let me know your intentions concerning Interservice and/or Nationals for Pistol. If you are not sure about attending, but plan to attend, please let me know your confidence level. As soon as possible, I will need the following information:

I have attached the Match Program for Interservice for your reference. Some highlights are listed below:

3) Uniform will be NWU. (Type III preferred, but Type I is also authorized)

4) NRA rules will be followed, except Service Pistol and EIC will be in accordance with CMP rules.

5) Ammunition will be provided by individual team members. If you need assistance with this, please let me know.

6) There will be open training/practice on 14-17 June 2018; I plan to arrive on Saturday morning, 16 June 2018.

I hope that this information helps to answer some of your initial questions. I really look forward to seeing as many of you as possible at Interservice.

For the National Matches, the USNMT wears the TechWearUSA shirts ordered via LCDR Nick Owen. If you are going to Nationals, you will need to get on the approved list very soon to ensure your shirt arrives on time. For details, see the Facebook posting under the U.S. Navy Marksmanship Team page (I have attached a screen capture of the post for easy reference). They are pricey but worth every penny in the heat. The shirts are worn with tan pants (recommend ripstop-type nylon as they breath and dry well). Footwear is up to you, as long as it is not brightly colored (most people wear combat boots). Belts in either black or tan (recommend you use your NWU belt). The blue USNMT ball cap completes the ensemble (for uniformity during higher competitions, no hat pins). More information will follow concerning specific details of the Pistol National Matches.

If you have any questions or concerns, please let me know.
