

Remembrance from Dave Fiehtner:

### 1981 US Puget Sound Pistol Team

At our port visit, Toulon, France, the French Navy invited us to a Service Pistol match. The only pistols we had were ship's armory hardball .45 service pistol service grade and ball ammo.

The French team shot 9MM Berettas. We shot the International 25 yd silhouette : slow fire 5 second exposures. When we finished and added up the scores, the French Team Captain announced "Just a minute, please" "We are only HALF DONE" "Now we Switch guns and shoot again!!"

....It worked out well. The final tally had USN/FN dove tailed nicely with relatively "equal" scores.
