All competitors shall read and understand the contents of this match bulletin and the Pacific Fleet & All Navy (West) Standard Operating Procedure (SOP) located at usnmt.org prior to the start of the match.

2025 Annual Pacific Fleet & All Navy (West) Rifle and Pistol Training and Championships

Subj: MATCH DIRECTOR'S WELCOME

To: Match Competitors

Welcome to the 2025 Annual Pacific Fleet and All Navy (West) Rifle and Pistol Training and Championships! My match staff will provide you with premier marksmanship training and competition experience over the next 10 days. The Civilian Marksmanship Program (CMP) rules for service rifle and service pistol provide the framework from which we construct our program. For Excellence in Competition (EIC) matches, we will adhere to USNMTINST 3590.26 guidance and award medals to the top 10 percent of eligible Sailors. Our goal during these matches is to provide you with a premiere training and competition experience so you depart with a stronger sense of confidence and competence in small arms marksmanship.

The official Navy message has been sent (DTG 212016Z JAN 25; SUBJ/2025 ANNUAL NAVY MARKSMANSHIP TEAM SMALL ARMS TRAINING AND CHAMPIONSHIPS). Make sure your Command receives a copy of the message to help provide support to you and the USNMT. Commanding Officers are free to contact me with any questions or concerns that they have about the training and competition at jesse.currier3.mil@us.navy.mil or 858-761-1503. Any update to the schedule will be promulgated through the official team websites: <https://www.usff.navy.mil/usnmt/> and <http://usnmt.org/>.

For some, this is another year in a long line of Navy Marksmanship Team participation. For others, this is your first exposure to competitive shooting in the Navy. The intention this year, as it is every year, is to focus on skilled marksmanship training for the new shooters (first time attending a Bullseye Pistol or High-Power Service Rifle competition). I request that all those who have been at this sport for a while dust off your old gear, bring that backup rifle/pistol, and be prepared to train the next generation of Navy Marksmanship Team members. For the civilian friends that join us on the range, please share your knowledge and experience. These matches are geared toward training new Navy shooters. Your patience is expected and greatly appreciated.

Commands are encouraged to field rifle and pistol teams. Team rules are promulgated in the SOP. A team consists of four shooters. If you can get three shooters from the same command, you can compete as an official command team (we will assign a fourth shooter to complete the 4-person team). Awards are given to the top three large command and top three small command teams in both rifle and pistol, and a trophy is given to the overall first place official Navy team which they will take back to their command for the year. During the All Navy match, the top active and reserve shooters will compete to determine All Navy honors between East and West Coast. While shot on different dates, the same course of fire is used, thus providing comparable results to award the All Navy Team Trophy as well as "braggingrights."

I must emphasize that the purpose of the All Navy match is to support higher level competition. Your match fees, your efforts, and the efforts of the staff are all geared towards fielding and improving the "Big Navy" team. Remember that the Camp Perry National Pistol Record is still held by Petty Officer 1st Class Don Hamilton, the 1979 Long Range Rifle Champion was ETC Michael Gorchinski, and the 2014 National Trophy Individual (rifle) Champion was CDR Matthew Bartel. The development and success of Navy shooting in the future depends on the effort and resources we devote today.

The Navy Marksmanship Team has and will continue to operate due to the hard work, perseverance, and professionalism of a small group of dedicated individuals. Some are very senior (in both time-in-service and paygrade) and many are retired. To ensure the continued success, conduct and expansion of the Navy matches, find an aspect of the matches that you enjoy and pitch in and help. The "Match Staff" is constantly looking for new participants with strong leadership skills. Our program relies completely on an all-volunteer staff.

Pending superseding Navy instructions, the current National Rifle Association (NRA) High Power Rifle and Conventional Pistol Rules, and the current Civilian Marksmanship Program (CMP) rules will govern the conduct of our matches. The match director has final say on rule issues.

**2025 Annual Pacific Fleet & All Navy (West) Rifle
and Pistol Training and Championships**
WWW.USNMT.ORG

Dates: 25 April – 4 May 2025

Match Staff:
